

Evening Capo III Standard Tuning

D D/F# G A
The light fades, the shadows lengthen
D D/F# G A
The sun declines on another day
G A D D/C# Bm
One bright star climbs the western sky
G A D A
As colours bleed to grey

All the day's hard toil's behind us
Life's fears now slip from sight
Carried away on the silent wings
Of a barn owl's flight

G A F#m Bm
Yesterday I hadn't met you
G D Bm A
My dreams died in the morning light
G A D D/C# Bm
Tonight it seems like I've always known you
G D G A
Now everything feels just right

Dark comes and peace surrounds us
Wrapped firm in the cloak of night
Tired limbs will succumb to sleep
Refreshed come dawn's new light

We worked hard but it's time to rest now
Reflect upon the day just gone
Safe inside each other's arms
Until the morning sun
