D (Dropped D) Capo III

D G D G D
Well the travelling's hard and there's many a winding
G D G D
The horizon's no closer by the end of each day
G D G D
But I will shoulder your burden, I will offer you comfort
G A G D G D
We will get there together, when we find the way

[Chorus]

D G D G D
'Cause that's what friends are for, to help and to guide you
G D G D
I will open the door, I will help you pull through
G D G D
Though the journey is long, I'll be walking beside you
G A G D G D
I will reach out my hand as the night shadows fall

Love can't bloom in the shadows, hope will die in the shade
I will give you direction till a new day has come
We'll hold on to a dream, make it real in the morning
All the old fears will fade in the warmth of the sun

[Chorus]

I was down on my knees, didn't know who to turn to
Couldn't find a road through, couldn't see a way out
But then you touched my life and you smiled like a beacon
You threw me a lifeline, took away all the doubt

[Chorus]

If you come to a time when the shadows grow deeper
If dark clouds hide the sun, if you stand on your own
Just look over your shoulder, I'll not be far behind you
We will face it together, we can't make it alone

[Chorus] + repeat last line
