

You Sang **DADGAD** **Capo II**
©Martin Browne **11/11/2006**

D D/C# D/B A
You sang and the clouds rolled aside
F#m G Em A
Brought new light to my day
Bm Em Bm G
Stripped my soul to the white of its bones
D D/C# D/B A
Your song carried me away
 D D/C# D/B A
It carried me away

You smiled and I felt I was home
Heard your voice and I knew
The day's cares seemed as nothing when I held you
I hope you feel this way too
Hope you feel the same way too

Bridge:

G F#m Bm Em
 Oh how the years slipped away
G F#m Em A
 Count the hours and they're gone

You cried when I told you I loved you
You laughed as I kissed your eyes
Beamed a smile that would shame any diamond
You couldn't hide your surprise
Couldn't hide your surprise

You sang and the clouds rolled aside
Brought new light to my day
Stripped my soul to the white of its bones
Your song carried me away
It carried me away
